

I would like to let my voice be heard regarding Indiana's no call list. Recently banks have petitioned to weaken this important law protecting our privacy (02-278). As a night shift worker, I depend on getting 7 to 8 hours of sleep during the daytime hours that these banks are asking to call. I feel that this is an insult to my intelligence! If I need the services that these businesses offer, surely I can read the phone book, and call them at MY convenience. Please, tell them that hard-working hoosiers deserve to be left in peace. Thank you.
